

ABOUT ANNA COPE

"I am a borough councillor and English teacher in Tonbridge, where I've lived for 12 years with my family.

I love West Kent and am determined to ensure that our environment thrives."

I AM ALREADY FIGHTING FOR LOCAL PEOPLE AS A COUNCILLOR

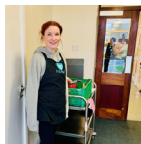

As a Tonbridge & Malling Borough Councillor since 2021, I have consistently spoken up for local people in the council chamber. For example, I have:

Worked with community champions to overturn TMBC cabinet's decision to tarmac over a playground for an car park.

Prevented a much-loved building becoming a large block of flats, which would have worsened local road safety and parking.

Organised food collections for F.E.A.S.T. community larder and helped at their lunch events in Tonbridge.

Raised women's safety concerns over local taxi services from the Tonbridge Station taxi rank.

Championed a 'Debate Not Hate' motion to support tolerance in politics and stop online abuse.

YOU HAVE CHOICE AT THIS GENERAL ELECTION: MORE OF THE SAME OR REAL CHANGE FOR THE BETTER

PLANNING AND HOUSING

The Green Party promises planning policies for walkable, sustainable, and environmentally-friendly communities prioritising green spaces and energy efficient buildings while maintaining the Green Belt.

We know this requires affordable public transport and sustainable infrastructure to work for our communities.

THE NHS AND SOCIAL CARE

The Green Party understands the need to invest in the NHS for a healthcare system for all residents, with equal access to services and without growing waiting lists.

In and around Tonbridge, we want improved access to mental health services, including counselling, therapy, and psychiatric care particularly for young people.

COST OF LIVING CRISIS

With some of the country's least affordable housing, West Kent residents have been severely impacted by the cost of living crisis.

To help those in Tonbridge and surrounding areas, we would fight for fair wages, including a universal minimum of wage of £15 for every employee.
